St. Andrew's

Community Health Needs Assessment

Implementation Plan

2024 Update

crescendo | 

Approved

Date

11-19-24

Summary: Top Two Focus Areas and Needs by Time Frame

- **“Within 18 Months” Impact Expectation – Focus areas include:**
 - Increase the number of mental health providers for adults (CHNA Rank: 1)
 - SMP Health – St. Andrew’s has contracted with Psychiatry Network to provide mental health via telemedicine. 11/2023
 - Increase the number of prescribing mental health providers (i.e., psychiatrists) (CHNA Rank: 3)
 - Psychiatry Network is adding two mid-level mental health providers who will care for mental health patients via telemedicine. 11/2023

Note that SMP St. Andrew’s will continue to address a broad range of other prioritized community needs, as well as respond to urgent or emerging needs, if they arise.

Summary: Top Two Focus Areas and Needs by Time Frame

- **“Two to Three-Year” Impact Expectation – Focus areas include:**
 - Increase the number of mental health providers for children and youth (CHNA Rank: 2)
 - Psychiatry Network will add one mid-level provider to provide mental health to pediatric patients in St. Andrew’s Clinic. 11/2023
 - Increase or promote opportunities for physical fitness (CHNA Rank: 9)
 - SMP Health St. Andrew’s has partnered with Dakota College in Bottineau to provide sports medicine to the college and community. Through sponsorship of the gymnasium, fitness room, and baseball and softball fields.
- **“Three Years or longer” Impact Expectation – Focus areas include:**
 - Improve school-based mental health support for children and youth (CHNA Rank: 4)
 - Other than our outpatient telehealth for mental health, St. Andrew’s has not moved the needle in this area.
 - Improve drug and other substance abuse early intervention and prevention services (CHNA Rank: 5)
 - St Andrew’s provides referrals to Essential Family Solutions, a Mental Health and Addiction Counseling Service in Bottineau, ND.

Note that SMP St. Andrew’s will continue to address a broad range of other prioritized community needs, as well as respond to urgent or emerging needs, if they arise.
