

8/31/2020

Dear Families and Friends

Here at Sheyenne Care Center our number one priority is to monitor and put in place safety precautions that protect our residents and staff. That is why we continuously monitor the status of our residents and staff every day during this pandemic period.

We are glad to inform you that our residents and staff remain 100% COVID free at Sheyenne Care Center. But with the increase of positive COVID's in Barnes County we feel it is necessary to restrict both internal and external visitation starting Tuesday, September 1st, 2020. This restriction will be monitored on a weekly basis and the status of the restriction will be updated every Wednesday through our social media (Facebook), Webpage, local radio and newspaper.

Thank you for understanding and if you have any questions please contact us here at Sheyenne Care Center.

Craig Christianson, CEO
