

4-1-2021

Families and Friends

I have added a link from Dr. Paul Carson, an epidemiologist from NDSU. His discussion is on the coronavirus and the available vaccines. I encourage you to view the video so that you are informed on the facts about the vaccines and how they work.

NDSU Dr. Carson's webinar from yesterday, 3/30/21, will be available at the NDSU site location:

Thank You!

Craig Christianson, CEO
